

Sugar Box

www.sugarboxmusic.ch

Sugar Box is an indie pop band from Switzerland. Our purely handmade music and self-written songs have influences from many genres. It's a sweet box of surprises, and you never know what you're going to get next! From straight up pop-rock to heartfelt ballads and sunny reggae songs to sizzling symphonic metal rockers, from danceable funk to jazzy torch songs, there's something for everyone. The electric Irish harp, cajon and 3-part female vocal harmonies add extra spice to the sound, and make Sugar Box unforgettable.
